

University entrance examination processes

“New Uzbekistan”

PRESS RELEASE

According to the Decree of the President of the Republic of Uzbekistan No. 5158

“On the creation of the New Uzbekistan University”, the University was established in 2021. The educational process is carried out in cooperation with the most prestigious universities in the world. Today, 178 students study at this university.

It is expected that 300 students will be admitted this year, and the examinations are conducted in cooperation with Cambridge Assessment.

It should be mentioned that the admission of documents to the New Uzbekistan University for the 2022/2023 academic year was carried out online from April 20 to June 30 through the admissions.newuu.uz website.

The exams were organized on July 21 from 17:00 to 19:00 in the building of UzExpoCentre.

More than 6,000 applicants submitted documents to the New Uzbekistan University at the first stage, of which 1,859 applicants were successfully accepted and received admission to participate in the exams.

The honorary rector of the university is the 39th rector of the TUM (Technical University of Munich), the German chemist Wolfgang A., the owner of more than 800 scientific articles and about 80 patents. The university is taught by professors and teachers from countries such as the USA, Germany, Egypt, India and Iran.

Also, from the first academic year, students have the opportunity to practice at large enterprises and laboratories in countries such as the USA, Germany, and South Korea.

It should be noted that the state grant to support the education of talented students at the university applies to the following persons:

Graduates of Presidential Schools with a diploma or certificate of relevant international programs (International Baccalaureate, Advanced Placement, International Advanced Levels), citizens of the Republic of Uzbekistan who scored high in entrance exams to universities, successfully passed entrance exams to universities, exams at the International Mathematical Olympiad (IMO), International Olympiad in Physics (IPhO), winners of the International Olympiad in Chemistry (ICHO), International Olympiad in Biology (IBO), International

Olympiad in Informatics (IOI), as well as children of families included in the Unified Register of Social Protection, successfully passed university entrance exams.

Entrance examinations to the University "New Uzbekistan" are held in the following subjects:
